

# Call for Solutions: Tech against Disinformation

## Application form

Below you will find the Application Form for Digital Future Society's Call for Solutions. Before answering the form, we recommend you carefully read the "[Terms and conditions](#)". We then encourage you to clearly answer all questions in detail to facilitate the evaluation of your proposal.

To participate, please follow the steps below:

1. Fill in this Application form.
2. Save the Application form with the name of your organisation.
3. Go to the call for solutions website at: <https://digitalfuturesociety.com/registration-tech-against-disinformation/>, fill in your details, attach the Application form and press the "submit" button.
4. Once sent, you will receive an email confirming your participation.

Remember that it is mandatory to answer all questions with an asterisk (\*)

If you have any questions, you can contact [challenge@mobileworldcapital.com](mailto:challenge@mobileworldcapital.com) and we will get back to you as soon as possible.

### Personal information

<b>Name*</b>		<b>Surname*</b>			
<b>Position*</b>		<b>Organisation*</b>			
<b>City*</b>		<b>Country*</b>		<b>Type of organisation*</b>	
<b>Telephone*</b>		<b>Email*</b>			
<b>Website</b>					

### Title of the proposal

**Suggest a short and attractive title for your proposal. \***

*(Maximum 100 characters, including spaces)*

## Focus and impact

1. Present your solution, explain how it works, and describe the specific problem it addresses. \* *(Maximum 2000 characters, including spaces)*

--

2. Indicate which phase of the fact-checking process the solution addresses. (eg automation, resource optimisation, speed, reliability, etc.) \*

Another phase:	

3. Explain the benefits and improvements implementing the proposed solution will cause. \* *(Maximum 2000 characters, including spaces)*

--

## Innovation

**4. How is the solution innovative? What advantages does it offer over other existing solutions on the market? \*** *(Maximum 2000 characters, including spaces)*

**5. How technologically mature is your solution (use the Technology Readiness Level). Explain when, how, and where your solution was tested. \*** *(Maximum 1000 characters, including spaces)*

## Scalability

**6. How scalable is your solution? Could it be easily adapted to other organisations, geographical areas, or linguistic contexts? \*** *(Maximum 2000 characters, including spaces)*

## Organisation

**7. Please demonstrate your organisation's previous experience in the fact-checking sector. Show previous projects and initiatives you have been involved in and where they have been carried out. \*** *(Maximum 2000 characters, including spaces)*

## Simplified implementation plan

How will the tool intended be tested? Please, describe the different phases of the piloting plan (preparation, implementation of the pilot, evaluation of the results, communication, etc.) and indicate each phase's tasks and objectives. \* (Maximum 1000 characters, including spaces, for each phase)

Phase 1	Pilot preparation
Objectives and tasks*	
Duration*	

Phase 2	Pilot implementation
Objectives and tasks*	
Duration*	

Phase 3	Evaluation and impact assessment
Objectives and tasks*	
Duration*	

Phase 4	
Objectives and tasks	
Duration
